

Annex 5

Material, equipment, controls

from 17.08.2021

Section 1 General guidelines and equipment checks

1. General guidelines

- ¹ The equipment must be complete from start to finish.
- ² Check-ins can be made over the entire course without neutralizing any time. Any patrol whose material or equipment does not comply or which is no longer in possession of all the equipment during an inspection during or after the race, will be disqualified.
- ³ The patrol must itself carry all its equipment from the start to the arrival. No outside help is allowed.
- ⁴ Each patroller guarantees that his material and equipment comply with the race regulations.
- ⁵ The compulsory material is marked (see part 4 of this appendix).

2. Material and equipment control

- ¹ The PdG command organizes two advanced materiel checks in addition to checks during the registration of patrols.
- ² It is strongly recommended to use the possibility of advanced controls, valid for all races, in order to avoid long queues at ZERMATT or at IF WE.
- ³ It is possible to present for control and marking all the equipment and personal equipment of the three patrollers by a single member of the patrol.
- ⁴ In addition, additional material and equipment checks are carried out:
 - a) at departure;
 - b) on the course, by survey (without neutralization of time);
 - c) on arrival.
- ⁵ It is up to the patrol to check / test the obligatory equipment before present to controls. During checks, in the event of a defect in part of the equipment common to the patrol or individual, no replacement part will be delivered by the PdG command.

Annex 5 to the PdG 2022 regulations, Material, equipment, controls

2.1 Advanced controls at ROMANEL-SUR-LAUSANNE and SION (parade)

Two advanced checks are organized, valid for all races:

- a) Sunday April 24, 2022 from 8:00 a.m. to 12:00 p.m. in the Centre's covered car park Migros from ROMANEL-SUR-LAUSANNE;
- b) Sunday April 24, 2022 from 3:00 p.m. to 8:00 p.m. on the SION square and Monday April 25 from 3:00 p.m. to 8:00 p.m.

2.2 Control of material and equipment at ZERMATT

Races Z1 (Tuesday April 26) and Z2 (Friday April 29), see appendix 2:

- a) all patrols announce themselves at the Triftbachhalle between 08:30 and 17:00 for identity control;
- b) all the patrols are directed on 2 channels:
 - i. patrols already checked (advanced checks);
 - ii. patrols to be controlled (patience and understanding required);
- c) all the patrols receive their bibs and their accommodation.

2.3 Control of material and equipment at SION

¹ Courses A1 (Tuesday 26 and Wednesday 27 April) and A2 (Friday 29 and Saturday 30 April), see appendix 3:

- a) all the patrols announce themselves on the place of arms of SION from 2:00 p.m. for identity control;
- b) all the patrols are directed on 2 channels:
 - i. patrols already checked (advanced checks);
 - ii. patrols to be controlled (patience and understanding required);
- c) all patrols receive their bibs.

2.4 Checking the equipment at the start

¹ Any change or modification of material after the control is strictly prohibited and results in disqualification from the patrol.

² All patrols, under the responsibility of the patrol leader, report to the start (route Z and A) with their material and personal equipment. ³ The patrol must be present 45 minutes before the scheduled time for its departure for an equipment check.

2.5 Checking the equipment on arrival

On arrival at VERBIER, a control is carried out.

3. Exchange of equipment during the race

- ¹ 2 spare sticks per patrol can be taken. In this case, they must be marked by the PdG command.
- ² Broken skis and poles, after control of the PdG command, may be exchanged and marked at the AROLLA checkpoint.
- ³ Any other replacement of material is prohibited.

4. Return of material

- ¹ The equipment affected by the PdG command must be returned in VERBIER by all the patrols (see table, part 2 of this appendix). ² The value of equipment lost or not returned is cashed with the patrol directly on site.

5. Material in case of medical evacuation

- ¹ In the event of a land or air evacuation of one or more patrollers, the remaining patrol members are responsible for the common equipment of the patrol.
- ² The personal equipment of the injured can be taken care of by the PdG command.

6. Abandoned, lost or stolen personal equipment

- ¹ The personal equipment of the patrollers found by the PdG command is donated to charity or is recycled.
- ² The PdG command declines all responsibility in the event of theft, abandonment, loss or damage to the personal equipment of the patrollers.

Section 2 Material and equipment

7. Equipment provided by the PdG command

Equipment	Technical requirements / description
1 cell phone	<ul style="list-style-type: none"> - "Engaged" from the start. Call only in case of absolute necessity. The device must always be handy in the cover attached to the shoulder strap bag. It should not be covered by belongings in order to allow good reception of the GPS signal / GSM. - The mobile phone must be returned when the equipment is returned to Verbier. Otherwise or in the event of loss, CHF 600.- will be collected from the direct patrolment on the spot.
